

Marketplace & MaineCare

Find the right health insurance fit for your family.

Want to get Health coverage? Here's how:

1. Turn this page over to see if you qualify. If you need help with your application or finding local in person help, call 1-800-965-7476, or go to www.coverme.gov/get-help
2. Or apply for Marketplace coverage online at www.CoverME.gov
3. Or apply for MaineCare online at: [My Maine Connection](#)

Already have a health insurance plan through CoverME.gov? Read these tips:

When to pay:

- You must make the first payment **before** the start date or your plan won't start.
- If you set up automatic withdrawal, check each month to be sure the payment was made.

What to pay:

- Each month, pay your part. Check that CoverME.gov sent your tax credit to your insurance company. If you find your premium is different than expected, call us for help.

How to pay:

- Every insurance company is a little different. Call your insurance company directly to find out what payment types your insurer takes. All accept checks but some accept payments by credit, debit card or automatic withdrawal also.
- Call Maine's CoverME Consumer Assistance Center at 1-866-636-0355 and tell them right away if your income or family size changes or you move, so you don't owe money back.

Caution: When you get in writing you now have MaineCare, you must call CoverME.gov, Maine's Marketplace Consumers Assistance Center, 1-866-636-0355, and your insurance company to cancel your plan. Otherwise, you may owe a lot of tax credit money back.

Have MaineCare? Here's How to Keep it:

- You need to stay income eligible.
- You must tell DHHS within 10 days if your income or family size changes or you move.
- You must return your annual review form quickly, with correct and current information.
- If your child has CHIP MaineCare, it's best to pay that fee every month.
- If you lose MaineCare and you think that's wrong, call our HelpLine at 1-800-965-7476.
- If you lose MaineCare and that is right, you have only 60 days to get a new plan.

Important tips to use with the Marketplace and MaineCare:

- Save all paperwork together in a safe place for at least two years.
- Always write down the date you send paperwork. Keep a copy of what you send.
- Always be sure your medical appointment is with someone your insurance company says is an in-network provider. Out of network providers cost a lot more.
